Fourth Quarter Rates are Now Available from Health Net

Quoting for October through December effective dates is now open. Check out Health Net's new Fourth Quarter Preferred Portfolio for our most competitive plans this quarter.

Health Net's Preferred Portfolio

Designed to offer long-term value as your clients' needs change, the Preferred Portfolio includes a selection of our most competitive Outlook and Charter plans.

Our Preferred Portfolio's benefit options run the spectrum from more traditional plans that offer lower co-payments and limited out-of-pocket exposure to those that feature more aggressive cost sharing through in-network deductibles and coinsurance.

We provide the "levers" that allow employers to select the best plans and costs for their companies.
